

My puppy

*Mum's getting a puppy
I'm shocked I'm all at sea
Im happy I'm yappy I'm a bundle of glee.
We're driving to the owner's house
I'm trying to stay as quiet as a mouse.
But I'm as loud as a full packed house.
We're taking the puppy home now
I'm excited I don't know how.
But I'll have to calm down or I will get a row
This is such a big deal .
I cant help squirming like an eel
Mum says stop standing so I kneel
My house was as quiet as a mouse
Puppy has changed that now it's loud in our
house.*
