

Seasons

Autumn leaves are falling and turning orange and red.
Temperatures are going down.
Schools are coming up for the October holidays.
Halloween is approaching so I have to get candy for the children.
P7s are going to Dalguise they will be missed.
Winter is around the corner.

Winter snow is approaching so get your hats.
Scarves and coat if you want to play outside.
Christmas trees with decorations.
Excited children waiting for Santa to come down their chimneys with gifts.
So get your fires on and get cosy with a mug of hot cocoa.
Oswald purring loudly, sleeping next to the radiator.

Spring buds and leaves now grow back on trees.
Lambs and chicks playing with their mums.
Sleepy animals emerge from their dens and nests.
Daffodils adding an extra splash of sunshine, making everything bright.
Blossom blooming on the trees how pretty blowing in the breeze.

Summer holidays are here at last no school for 7 weeks HOORAH!
Longer days so you can play out late.
Families going on holidays spending time together.
Having lots of fun adventures hoping for good weather.
