

## **MY CHANGE POEM**

**Change is as delicate as a flower,  
As brave as a lion yet as pure as a lily.  
It can make you happy sad or even silly.  
Change can be frightening like thunder and lightning!  
But always remember this message for you all to hear,  
Loud and clear.  
That you and change can be friends,  
Just give it time,  
For you will shine.**
