

CHANGES

Changes can be good or bad,
or even a little sad.

Changes can be big or small,

Or maybe you have to give something away, like a doll.

This is a bit like what happened to Isla and Myla.

Isla's parents had found a bigger house a bit further away,

There was a lot to do and say.

Changing house,

Oh no! she feels like a mouse.

When she heard she was also moving school,

She didn't think this was at all cool!

This was a big change,

She didn't know why, it was so strange.

It was no use, she knew she was leaving,

So she settled down to do some weaving.

She was certainly going to miss her dear friend Myla,

But Myla will also miss Isla.

When the day they were moving came,

Nothing was the same.

They had to say goodbye,

So there was a great sigh.

When they arrived, they felt sad,

And also felt mad!

It was weird being in a home so new,

She didn't know what to do.

Isla knew she was going to Fintry primary,

And the lunch hall was a dinery.

She soon made friends and settled in the house,

She no longer felt like a mouse!

Isla sent letters to Myla,

And Myla sent letters to Isla.

This was a sad change but it's all turned out well,

Sorry, it was a lot to tell!
